

The Next Generation Utility Starcarts™

The STARCART™ that has it all. You'll find it more durable and impact resistant because we've combined a single wall body with a double wall box-style lip. And you'll have better rollability and maneuverability because we've paired two heavy duty casters up front with two poly-core wheels in the rear. Add the strength of the steel undercarriage and ergonomic moulded in handles and you have what we believe is the best poly cart on the market.
